

MADiE 2.3.5 Release Notes

The following updates are included in the MADiE 2.3.5 release:

Category	Feature Description
Test Case Creation	The Manifest dropdown in MADiE has been updated to display the manifest title instead of the ID and lists all options in descending order by publication date. (MADiE-1962)
Test Case Creation	QI-Core Measures: MADiE has been updated to display the number of valid test cases over the total (e.g., 36/40) displayed directly below the percentage of valid test cases.
Test Case Creation	QI-Core v6.0.0 Measures: MADiE now includes the resource ID for all error, warning, and info messages in the message format alongside the description.
HAPI FHIR Update	MADiE has been updated to use HAPI FHIR version 8.6.1. More information can be found here .
